### About This Content

Naval Action - Painter DLC

Painter DLC is a consumable premium item that will give you access to ship paints.

The obscure flemish painter had unfortunately won the duel over the matter of horses. Long story short - he is now in hiding in the Bahamas. He still thinks he can pay off his court debts and is collecting funds to do so. He is ready to paint certain ships in your docks for an advance fee, once a day.

Total number of paints available: 49 paint schemes for 12 commonly used ships.

Painter can create 1 paint per day.

New paints, if created, will be added to the selection free of charge.

How to activate

- The Painter DLC will be added to your Steam account on purchase
- Paints will be available from the port interface, Click [R] to access DLC content
- Click a painter DLC button; select the ship and paint you would like to receive in the drop down menu.
- Paint will drop into your warehouse or ship hold.

- 
- Drag and drop the received paint to the ship paint slot in equipment window (click [E] to access it)

Ship list (12 ships currently)

- BellePoule - 5
- Bellona - 5
- Bucentaure - 2
- Cerberus - 4
- Essex - 5
- Niagara - 2
- Pavel - 3
- Renommee - 2
- Santisima - 7
- Trincomalee - 6
- USS United States - 3
- Victory - 5

GL reserves the right to change the DLC by adding or removing some paints during early access. After early access paints are only going to be added to this DLC.

Title: Naval Action - Painter  
Genre: Action, Adventure, Indie, Massively Multiplayer, Simulation, Strategy  
Developer:  
Game-Labs  
Publisher:  
Game-Labs  
Release Date: 21 Mar, 2019

a09c17d780

**Minimum:**

Requires a 64-bit processor and operating system

**OS:** 64 bit Windows 7 and above

**Processor:** Intel Core i5-4570 3.2 GHz or AMD Phenom(tm) II X4 B60 3.3 GHz

**Memory:** 4 GB RAM

**Graphics:** GeForce GTX 460 1GB or AMD Radeon HD 6850 1GB (must support shader 5 model)

**DirectX:** Version 11

**Network:** Broadband Internet connection

**Storage:** 2 GB available space

**Additional Notes:** 32bit OS versions is not supported

naval action painter dlc. naval action painter

In short, Quell Zen is harder and not as well-made and enjoyable as Quell Memento. If you buy only one Quell game, make it Memento, not Zen.

In long, after Quell, Quell Reflect and the terrific Quell Memento, this is the fourth installment in the series. I am sad to report that Quell Zen does not live up to the high standard set by Memento.

Zen has only a few more levels than Memento, but it is a substantially longer game. Levels requiring more than 30 moves to solve are the norm instead of the exception. The problem is, that more complexity and length alone do not equal more fun. This game again adds new mechanics to the series, but unfortunately ones I mostly did not enjoy. Many of them change the layout of the levels (arrows move rows of blocks, green bubbles leave trails of blocks), which I found very demanding/frustrating to plan out in advance. I guess in this regard Zen is confirmation of the old adage that sometimes less is more. The difficulty varies wildly all through-out the game. It's not uncommon for open-ended levels with 40+ step solutions to occur in proximity of 7 step linear levels, even quite early on.

They did improve the start-up loading time compared to Memento, but virtually everything else is a downgrade in my opinion. I didn't like the new asian theme and aesthetic - Memento is easily better looking. The "story" was about as useless as in Memento, but now the competent voice acting is replaced with badly-written letters. They start out unrealistic and end up awkward and horribly cliché. Memento had a certain charm and consistent style in its presentation, which seems all but lost in Zen.

Unless you found Memento way too easy, Zen is in every regard an inferior game. A few levels are undoubtedly quite smart, the majority is decent if uninspired, but sadly there are quite a few bad apples which are just tedious and frustrating. Still, over-all there's more good than bad, and if I hadn't liked Memento so much, I probably wouldn't be as harsh on Zen. If you like the series, pick it up on sale. Personally I wouldn't pay full price.. On the surface, this game is a reskin of Plague Inc.

Under the surface, well... this game is a reskin of Plague Inc.

It's a fun concept. But it needed to be more engaging and have more elements to the gameplay experience. Earning both stolen money and Bitcoin is fine, but it becomes a mess when (a) only Bitcoin can be traded for tech upgrades; (b) you have to manually click on the BTC coin popups on the map like any other smartphone game; and (c) you can't convert the money you stole to Bitcoin.

Ah, yes. I've stolen \$778,000,000 USD. But I couldn't possibly convert that into Bitcoin to pay for more tech upgrades.

The upgrade tree / upgrade progression is poorly fleshed out. The details are often vague or all but meaningless to the real world. And unless you progress through the upgrade trees in the right way, as soon as you hit 40-50% "cure rate" for your trojan, it's only a matter of time until you hit 100% and you lose.

And the conclusion of the game? A popup with a couple of pieces of information that you knew 5 seconds before the popup occurs. Except with a little line saying whether or not you were caught. (Again, unless you played it perfectly, you get caught.)

Again -- an interesting even if poorly executed concept. It could have been more. As it is, I wouldn't recommend spending the \$3 for the game.

4 out of 10. Shame its not flac, but its free so hey :D. its a fun cooking game.. NANI THE ♥♥♥♥?!. Horrible game. Nothing much happens and it's slow and boring beyond understanding.

Voice acting is worse than awful.. Maximum resolution is 1600\*1020. After choosing weapon. it disappeared from the screen.. Loved the story.

Very fun point & click filled with puzzles and a note when an area is cleared and no more actions are left.

You play Robin Hood, but not the legend we know, a women by the name of Robin, you need to save your husband and the village of Nottingham.

Loved it!!
